Covid Quarantine Update

The CDC and Utah State Health Department have announced new quarantine guidelines. The end of quarantine has changed from fourteen to ten days. If there is a positive case at home, a student in that household that does not have Covid must quarantine the full ten days. There is still an option to end quarantine after 7 days if the exposure was outside your home.

I have added this information and where to get a rapid test for schools in a flier on the school web site under "Covid-19" tab.

As of today, we have 1 confirmed case of Covid. This case happened outside of school and there was no exposure to others at school.

I want to commend our students and staff for their commitment to wearing masks in order to keep themselves and others as safe as possible. Well Done!

School Picture Day

School Picture Day is this **Wednesday, December 9th**.

>Every student will have their picture taken so that they can be part of their class composite.

>Students that participate in **online learning** at home have the option to come into the school and have their picture taken or not. Those that want their picture included in the class composite or to purchase a class picture should come for pictures on that same day, **Wednesday, December 9th between 12:00 and 12:20 p.m.** Pictures will be taken in the library. Online students may head directly to the library between 12:00 & 12:20 and parents may wait in the school entrance or outside.

>Students should come dressed in their school uniform for pictures.

>Students will have the option to purchase a picture packet. If you choose not to purchase a picture packet, students will still have their picture taken.

>Picture packet fliers were sent home last week, but an electronic copy of the flier is attached to this email for parents that may want to purchase packets online.

>Individual student packets that are purchased on picture day will be sent home with students prior to the Winter Break.
