Covid Case Count Update

Current number of active Covid cases = 0

Other

Your child(ren) may have mentioned to you that I have hurt or broken my arm. In order to keep the story factual, I tore the rotator cuff in my right shoulder. This has been a progressive injury from many activities and the cuff finally tore while working at home assembling some furniture. I had surgery last week and will be in a restrictive sling for 6-8 weeks, and then a longer period of time for physical therapy. A full recovery is expected.

I did talk to the students about this at lunchtime last week and some may not have understood the injury very well.

-Kent Fuller, Principal

Reminders...

Parents, please remember that when you drop off or pick up your child at CRA, please be an example by wearing a mask when outside your car. Our students are amazing at keeping their masks on all day for safety reasons, and it would be wonderful if our entire community could support them by doing the same. Thank you!

Safety in Drop Off and Pick-Up

Recently there have been workmen cutting the road base and laying internet wiring on the surrounding streets. This has been a safety concern during drop off and pick up as people drive along 2900 East, when it may be blocked from the regular flow of traffic. Parents have reported that there have been close calls as cars go around other cars and don't see the children walking. Please be cautious...drive slowly, watch for children and always have your first concern be for the safety of our students. Thank you!

Class Photos

If you ordered a class picture of your child's class on one of the school picture days, those should be sent home later this month. Because our picture day and make-up days had to be scheduled later in the year due to COVID, the pictures will be sent home later than usual so that the photographer can prepare the class composite pictures.
