Schedule for 2021-2022 School Year

The calendar for the 2021-2022 school year is on the website. The school schedule next year will return to having students at school 5 days per week and we will not be offering an online option as we have had this year. The online option was a waiver that the Utah State Board of Education approved for the current school year.

This was reviewed at the CRA Board of Trustees meeting last week, and we wanted to communicate the schedule to everyone for next year.

Confirmed Covid Case Count = 2 (both cases originated outside of school).

Kindergarten for 2021-2022

-Our patrons have been asking about Kindergarten for 2021-2022. If you have a Kindergartner coming into Kindergarten next year, we will be emailing Registration Packets to you before the end of March. Please prepare now to have your child's birth certificate and immunization record to turn in with the registration materials and watch for a due date in the email.

-Some parents have also asked about the Kindergarten Enrichment program. After we've received the registration packets, we will email K Enrichment materials to all incoming kindergarten families in mid-April. Because Kindergarten Enrichment has been in high demand the last few years, those interested in the program will fill out an application and there will be a lottery to determine enrollment in the program. Stay tuned!
