Calendar Change

At the Board of Trustees meeting on March 25th, the board approved changing the last day of school from June 4th to June 3rd. We had extra days in our calendar due to approved legislative waivers because of the pandemic. This change is better for students to end the school year in person and not online.

The last day of school is now June 3rd.

Spring Break

I hope everyone had a restful and enjoyable Spring Break. I spent time in Southern Utah and I am ready for the next few months of school. The staff has also had a nice break and they are refreshed and ready to keep going. GO FALCONS!

Year-End Testing

A reminder that statewide testing for our 3rd through 6th grades will start for some classes on April 19th. Testing runs through May 14. Classes will have various testing dates. Make sure you know when your child(ren) will be testing - teachers have their classroom testing schedules. If your student is an online student, they will need to come and test at the school as distance testing is not available.

Current number of active Covid cases = 0

SERVE ON THE BOARD!

Each year our school community elects a parent representative to serve a one-year term on the board. This is a great opportunity to serve your school community.

If you are interested in serving, please click on the link below and submit your application or send the link to someone you think should apply. Applications will be accepted until Friday, April 16th, 2021. Elections will be held at the end of April.

Face Masks – Don't Throw Them Out Yet!!!

Though April 10 ends the State of Utah mask mandate, our sprint to the Covid finish line is not yet complete! Utah schools (including Canyon Rim Academy) are exempt from the April 10 deadline and will continue to wear masks through the end of this school year. Adults (even if they have been fully vaccinated) and children alike will continue to wear face masks for the remainder of the school year.

Masks work to slow the spread of COVID and they help keep kids doing what they want to do. At CRA as we have tracked the cases of the virus within our student body and staff, we've found that students and adults are not getting COVID at school because of the protection masks offer. As children are not yet eligible for the Covid-19 vaccine and are still susceptible to the virus, masks are the safest protection. Our goal is to finish strong with our masks on. ☺

Parent Survey Pizza Winners

Thanks to all parents that participated in the school survey. Congratulations to Mrs. Romney's class – they had the most parent participation in the survey and are the winners of a pizza party!
