Aug. 24th - First Day of School!

Greetings Falcons! Let me just say WOW!!!!!! The kids did an absolute amazing job today. Your children were all so kind, helpful, and respectful. I appreciated how they modeled our values of Joy, Learning, Love, Peace, Respect, and Safety all day. With that kind of start, I know it is going to be a great year.

We are planning our adult information night for Thursday, Aug. 26th at 5:30pm. I would like to hold an outdoor community meeting in the quad, and then you will head indoors to your child's classroom. There will be a couple presentations for each class, so if you have multiple children, it shouldn't be a problem to see every presentation.

Please look for more information from our amazing PTO group and ways you can help. At this time I am looking at all assemblies and on campus volunteering on a case by case basis. We will continue our mitigative strategies. One of our Sportsmanship PE (SPE) guidelines is to "police yourself", which ensures kids take responsibility for themselves, and they are in control of themselves for helping to minimize any spread related to CoVid in school. Remember if your child is displaying any CoVid related systems, they should stay home. Finally, here is a link to our [board policy regarding our dress code](#). As a reminder, students may wear hats to school, however the hats may only be worn outdoors, when indoors hats should be removed and stored out of the way so as not to be a distraction, this includes in the hallways and lunchroom. Students may wear sweatshirts, however the sweatshirt may not have a hood. Thank you for your understanding and support.

Have a great week, and keep up the great work.

Go Falcons!!!!
Mr. Mastroianni, Principal

CRA Student Folders

This week your child will be bringing home a CRA folder. Inside is information from the PTO and the school.

-Please fill out the school forms and return them by Friday, September 3rd.

-To make a donation to the PTO, purchase an online student directory, emergency kits, carnival wristbands or a Wasatch Savings book or a CRA spirit shirt, fill out the pink Tally Sheet and return it to the office with a check for payment, or pay online through the membership tool kit (listed in the PTO newsletter below).

Early Dismissal Days

Just a reminder - we have early dismissal days all this week, Tuesday-Friday at 1:15. Next week will begin our full days; Monday-Thursday, 8:30-3:15 and Fridays 8:30-1:15.

YAY for SCHOOL LUNCH!

We have an amazing kitchen staff that prepares our delicious lunches onsite. Lunches can be purchased for \$2.50 each or .40 cents for reduced lunch. Milk or water is also available a la carte for .25 cents each if lunch is brought from home. More info about the lunch program is in the packet sent home today. The students all know or are learning their student ID numbers which they need in the lunchroom. Keep practicing at home!

Illness at School

With Covid concerns still upon us, there are a few guidelines we need to follow regarding illness at school. Attached is a flier from the Salt Lake County Health Department that gives a quick view of the guidelines we will follow concerning Covid exposure and quarantine.

We've also had some parents ask questions about other illnesses. Here are a few questions and answers that may help you decide when to keep your child at home when they are ill:

Q: My child has a head cold but does not have Covid. When can my child return to school?

A: As with any illness, your child should be free from symptoms/illness before returning to the classroom.

Q: My child has complained about not feeling well but doesn't seem too ill. Can I send my child to school?

A: If your child complains of body aches, stomach aches, headaches or other signs of illness, please keep your child at home until the symptoms of illness pass.

Q: My child has allergies so he/she appears to be ill (runny nose, etc.). May I send my child to school with these symptoms?

A: If your child has seasonal allergies, please communicate this with your child's teacher. Then when your child exhibits signs of illness due to allergies, the teacher will be aware of the source and concerns will be alleviated about exposing the rest of the class to a more serious illness.

Thank you for helping keep our students safe at school!

Reading is Fun

Students who have been reading all summer can turn in their CATCH THE SUMMER READING BUG paper to Miss Alyson's counter in the library. **Please include your name and teacher on the paper.** Miss Alyson will deliver your treat to your classroom. Summer reading papers are due by September 3rd.

Student Medication Needs

- If your child has medication (prescription or over the counter) needs during school hours, please visit the school office to set up the proper medical forms for your child's medication.
- Whether the med is dispensed by us or students carry their own inhaler, medical forms must be in place with the school office.
- Students are not allowed to carry medications to and from school, or have them on their person at school - parents need to transport medications.
- Students that have asthma are the exception to that rule, and may carry inhalers in their backpacks. But...if your student has an inhaler at school, we need to be aware that they use it, and parents need to feel out a permission form for students to carry an inhaler.

PTO Newsletter August 24, 2021
