

CRA Newsletter, 5-18-2020

Hello Everyone,
I have two items for you to review.

- 1) The state has put the physical area of the school into the low risk/yellow health risk category. Luckily we are not in Salt Lake City boundaries where the risk is still moderate/orange category. *I have attached the updated guidelines from the state.* Of note is the last bullet point under K-12 schools. It says that more operational guidance will be coming from the State Board of Education. While we wait for this guidance from the state we are working on various scenarios to keep students, staff and visitors safe. We have learned a few things that we would do differently in the event we have to go back to school at home or other modifications to the school schedule.
- 2) Starting next week you will have the chance to pick up student's personal items and a school yearbook from the Multipurpose Room. You may enter and exit the outside door of the multipurpose room, next to the front doors. I want to thank the PTO for making the yearbook possible (among all the other things they have done) given the strange end to the school year! When you pick up the yearbook (one for each child), please check your child's name off the class list that will be on the table so we know which students picked them up.

If you have checked out a school computer, you may check it back in at this time.

If you'd like to leave anything for your teachers, you may put it on the teacher table.

I encourage you to follow this schedule as best as possible for social distancing purposes:

-Tuesday, May 26th is for families with last names starting with the letters **A - F**

-Wednesday the 27th is for families with last names from **G - L**

-Thursday the 28th is for families with last names from **M - R**

-Friday the 29th is for families with last names from **S - Z**

The Multipurpose Room will be open between 7:30 am to 4:00 pm

Thanks for all your efforts in supporting "School at Home". It has not been easy for everyone involved for a whole list of reasons.

I hope your family is healthy and safe!

Sincerely,
Kent Fuller

TWO QUESTIONS...

- 1) If you have moved during the school year and we don't have your current address, please email sabraham@canyonrimacademy.org. We need to have correct addresses for our records for many reasons, especially because we will be mailing out report cards at the end of the year.
- 2) If your family will be leaving CRA for a move or any reason before school begins in the fall, please notify sabraham@canyonrimacademy.org.

Library Books

If you haven't already done so, please return your child's library books when you pick up your child's things next week.

Lunch Money

-If your child has lunch money left in their lunch account, it will carry over to next year. 6th graders are the exception, but have already received an email about those monies.

-If your child owes lunch money, please make sure to pay it in full by the end of the school year.

THANK YOU PTO!

Usually at the end of the school year, there are many fun activities that the students get to participate in. One of those things is an end of the year assembly where we honor the out-going PTO president. Because we can't do that at this time, we'd like to give Melissa Stalsberg and her PTO Board a big THANK YOU for the many things they have done that have benefitted the school and made us "Better Together". They've donated hours and hours of time, and who would have known that their theme, "We're Better Together" would turn out to be so true! Melissa and company have spent time and effort putting together the yearbook this year, hoping to leave us with a feeling of togetherness. Thank you so much Melissa and team!
