Thank you for listening. I hope you enjoyed the performances! My apologies for the unprofessional filming job, the occasional view of my head or arms, and the fact that you can't see your child the entire time. Conducting while balancing my laptop on a music stand behind me and turning it was like a circus act! :) Thank you for all your support this year! Your children are a true delight and I have absolutely loved being with them this year!

Many Thanks,
Miss Erin
