Welcome-**Colleen**

Amendments are needed to be made in SEL and recess. Land Trust was approved by the Board and by the state however some things have changed at the school.

After meeting with playworks we realized that our current program with a few changes would be the best for our school.

We would like to use the \$2500.00 that was originally for Playworks to implement a new idea this fall which will be recess zones and organized SPE.

The SPE will be used to help with behavior help needs. It will also help students learn SOAR values.

Teachers have shown interest in being involved in this at lunch time on a volunteer basis. We are also planning on the Community of Caring program that comes once a week and supports our SPE lunch time program. The funds would be used for supplies and for an SPE Advisor.-**Colleen and Daisy**

K-2 program- We are not changing curriculum at this time. We are going to do observations at other charter schools before a decision is made. \$35,000.00 was allocated for the 95% program. We have been very conservative in ordering and we have only used \$18,000.00so there is about \$17,000.00 left over. We are really needing more tablets/IPadsfor classroom support.-**Jesse**

We are wanting to use \$5,100.00 for the recess program. There will still be a bit left over that will need to be allocated. We will need to vote on these two changes.

IPads for support and \$5,100 for recess programs.-**Colleen**
