Jumped into Tanner dance BTS (item 5 Goals) Kindergarten-3rd grade.

Four classes-kindergarten would like to do this. -Colleen

The grant only covers grades first through third and it would be broken down into trimesters. The school would need to add 900.00\$ per class. So a total of 3600.00\$. Each class will have their own time. BTS will work with the space provided-Jackie

The teachers are very Excited. Colleen and Jackie will continue to work together with the program-Colleen

Colleen added Social Studies.

There are new Social Studies Standards provided by the State. This will affect grades Kindergarten through sixth. We are in need of training and to build the curriculum. There are teams of teachers getting together and setting up curriculum. Stipends are needed. -Colleen

- How do we measure
- Every 7-10 years state reviews standards.Last year they redid ELA next year will be Social Studies. Someone from the state will come to train teachers.

Science-Rise testing 4-6 however there is no testing for lower.

Social-?

Colleen Looked up land trust guidelines,Reviewed R277-477-4 , appropriate use of Land trust Monies-Colleen

We have to show a measurable outcome-Jackie

Social Studies does not fall into reading and Math it is its own requirement-Colleen

It would be great to set up a system that shows real time feedback instead of looking at past years-Jackie

Core Knowledge, which is also requiring new standards, younger grades include social Studies into reading.

OT SUPPORTS FOR STUDENTS WITH 504S -Colleen

Occupational Therapy supports students without a 504 plan. This is for students with special OT needs so they are able to access the curriculum better. It would allow help to any student that needs support in this area. Evaluation and access to therapists and the therapist being able to work with the teacher to help students access the curriculum.
