

## 2024-2025 Computer and Internet Use Agreement – Grades K-2 Updated 7/2024

I understand that I will be permitted to use Canyon Rim Academy's computers, electronic devices, and Internet. In order to use a computer, device or the internet, I promise that:

1. I will only use the computers, electronic devices, and internet for school work.
2. I will only use the computers, electronic devices, and internet when my teacher or other school employee tells me that I am allowed to use them.
3. I will not use the internet to try to look at websites that I know are for adults only or that are inappropriate.
4. If I accidentally access a website that is inappropriate, or I know I shouldn't look at, I will tell my teacher or other school employee right away.
5. I will not use the computers, electronic devices, or internet to bully or harm any other person.
6. If someone else uses the computers, electronic devices, or internet to bully or harm me, I will tell my teacher or other school employee.
7. I will not damage or cause problems to any computers or electronic devices on purpose. If I do, I know I will have to pay for the damage I caused.
8. I understand that the school has filters on the computers, electronic devices, and internet, which means I might not be able to see some information. I will not try to interfere with those filters.
9. I will not login in to any other person's accounts other than mine for any reason.
10. I will follow all of these rules. I will also follow any directions that my teacher or other school employee gives me about my use of the computers, electronic devices, or the internet.
11. I will not use my smartwatch or cell phone to communicate with my parents/friends during class time unless it is an emergency. I will remove my smart watch when taking any school assessments.

**I understand that if I break any of these rules, I may be disciplined, and also lose my computer, electronic device, and internet privileges.**

**As a parent/guardian, I have reviewed and explained the above rules for using the computers, electronic devices and internet at school to my student and we both agree to follow them.**

**I have read these rules and agree to adhere to them, as well as my student.**
