

CRA Newsletter, 1-28-2019

Intent to Return Forms

Today your child/children should be bringing home an *Intent to Return* form. Each year we ask parents to declare whether or not their child will be returning to CRA for the 2019-2020 school year. The *Intent to Return* form is your opportunity to do so. Please fill it out and **return** it to CRA by next **Monday, February 4th**. We need one form returned per family with all of your CRA student's names listed on the form. (If you receive more than one form, disregard the extras, but please return at least one form to the school.)

If you have a Kindergarten age student that would like to begin at CRA next fall, it is especially important that they are added to this form. Kindergarten siblings are given priority to enroll at CRA before new lottery applicants are invited, so please remember to add your 5 year old to the form for Kindergarten. (State law requires that children turn 5 years old before September 1 in order to attend Kindergarten in 2018-2019.) There is also a place on the form to list other 1st-6th grade children that don't currently attend CRA but would like to do so. Siblings are not guaranteed enrollment at CRA, but are invited as openings become available in the desired grade.

Student Talent Show

Thank you to all the students that participated in today's talent show. The students did a fantastic job and it was fun to see their talents! Thank you parents that helped prepare your student, and thank you to Katie Taggart and her band of volunteers that put it all together and made it run so smoothly.

Parent Teacher Conferences

Parent Teacher Conferences are coming up on February 12th & 13th. Watch for an email later this week with instructions for scheduling an appointment.
