Hello Everyone,

Last Thursday the Utah Board of Education released the school report cards that indicate how schools scored on the SAGE test student took last spring. While SAGE scores are only a part of what makes Canyon Rim Academy a great place, I wanted to share part of an email that I received from Jennifer Lambert, the Executive Director of the Utah State Charter Board.

*“The State Charter School Board (SCSB) is looking at the recently released school report card data for the schools we authorize. We noticed that Canyon Rim Academy is at the top. In fact, in looking at the percentage of points possible in the report card, you are in the top 10% of all schools in the state. Congratulations! That is quite an accomplishment. Thank you for the meaningful difference this means in those students lives”.*

Again, this is only one part of what makes our school so great. I value many other qualities of the school that are not quantifiable. The teachers, aides, secretaries, lunch workers and all other support staff make for a warm, inviting atmosphere. Parents and other community supporters also contribute to our school. Last, but not least, it is the students that grow and benefit from working hard. The efforts of everyone make our school great.

Thanks to everyone and Happy New Year!k

Kent Fuller
