### **Intent to Return**

Last week we sent home "Intent to Return" forms with your student. They were due yesterday, and we are still missing a few forms. If you have not returned one for your student/s, please send it back ASAP. Remember - this form is your declaration whether or not your child will be returning to CRA for the 2017-2018 school year, and it is very important that we receive one for every child. It also gives you the opportunity to inform us if you have other children that would like to attend CRA next year.

If you have a Kindergarten student that would like to attend next fall, they will receive a sibling preference – no need to begin a new application for our lottery, just add them to the Intent to Return form.

### **Smith's Community Rewards Program**

If you shop at Smith's Marketplace and have a Smith's Rewards card, you can connect that card to Canyon Rim Academy and earn money for our school through their Community Rewards program. You must re-enroll at Smiths every year to make that happen, and January is the month! You cannot re-enroll in the checkout line, but it can be done through their website, [www.smithscommunityrewards.com](http://www.smithscommunityrewards.com). Please re-enroll this month and help earn money for CRA!

### **Air Quality**

It's that time of year when we have concerns about the air quality in the Salt Lake Valley. The Utah Division of Air Quality posts about air conditions daily, with hourly updates on the any changes taking place with the air quality. We check that website daily at this time of year, often several times a day to receive updates. Today and yesterday were Orange air days as the days progressed, so students with asthma were encouraged to stay in at lunch and afternoon recess.

We have a list of students that have asthma or other breathing problems that parents have reported to us. If you have special concerns about your child going out to recess on "bad" air days, please make sure that your child's teacher and the office are aware of your concerns.

Just one reminder...studies show that idling cars add negatively to the quality of the air, so please be "Idle Free"!

### **CANYON PREP ACADEMY PRESCHOOL**
