

PTO NEWSLETTER, 1-31-2017

Good afternoon CRA family! I hope that everyone is looking forward to an awesome week here at CRA.

We will not have a PTO meeting this week but will reschedule it for [Friday, February 10 at 8:30 a.m.](#) in the library.

This Thursday is **Maturation** for 5th & 6th graders at 2:15 p.m. Permission slips were sent home and are needed in order for your student to attend. If you have any questions, please email Alisha Sperry at alishasperry@yahoo.com.

PERSPECTIVES UPDATE

Perspectives entries are [due this Friday, February 3rd!](#) Come find your table by the library before school! We're so excited to see all of your creative work! Please remember all works of art need to be **ORIGINAL**. Which means one of kind, all yours, your own idea, and your own work!

One **important change** to note for those entering the **Literature** category. Will you please email your literature entry in a **word doc** to craperspectives@gmail.com as well as turning in a **print copy** with entry form [Friday morning](#)? That way we can easily forward your work to our judges who live along the Wasatch front. And we will use the print versions for display at our Gallery Stroll [Thursday evening](#), March 2nd. Thank you!! Questions? Please email Catherine Arveseth at cath.arveseth@gmail.com.

Science [Night - Friday Feb. 3](#) from 6:00-8:00pm

It's almost here! You won't want to miss CRA's annual Science Night. Forget date night and bring the whole family for a lot of hands-on science fun! Don't miss the chance to run across a pool of Ooblek, dissect a cow's eye, make a sweet glider that can do turns and flips, launch a mini-rocket (can you say explosion?) and much, much more. You will definitely walk away smarter, and probably better looking too. Come early so you can high-5 our amazing volunteers. See you there!

Any class that turns in 100 Box Tops for the month of January will earn a hot chocolate party, so be sure to send in your Box Tops.

Any questions, please email Alicia West at alijwest@gmail.com
