Family Lunch Days were a great success!

Thanks to all the parents, grandparents, and family who came to family lunch day. It was so fun to see how excited the students were to spend that time with all of you!

Student Directories

Please look for an additional reminder email to register your child's information in our student directory. We received less response than in years past, and wanted to give everyone some additional time to get their info in if they so choose.

Monthly "Grow" Challenge Box

We have a new addition to our school. We have formed a partnership with Farmer's Insurance to help our vision to challenge our students by giving school-wide goals and rewarding their efforts. A grow challenge box has been placed outside the front office. Each grade will have a chance to issue a school-wide monthly challenge. Principal Fuller issued our first challenge for the month of September. He challenged us to:

"Be a Good Sport!"

Students are to write their name, grade, and how they are exemplifying that challenge on a slip provided by the box. We will choose one student per grade every month who is striving to meet the Grow Challenge, and they will get their name on the bulletin board and an amazing prize provided by Farmer's Insurance.

We hope everyone has wonderful weekend!
