Canyon Prep Academy is an independent preschool located at the Canyon Rim Academy Charter School. The preschool room, room 3, is near the southeast entrance.
Enrollment in the Preschool program does not ensure future enrollment in Canyon Rim Academy Charter School.

A note from one of our teachers: Alyson Bowthorpe

I have spent each morning for the last sixteen years with 4 year olds. I love their openness and curiosity. I love the funny things they say. I enjoy teaching them new ideas, reading great books to them, working with them on writing strokes, paper cutting skills and finger painting. I enjoy thinking of creative ways to help them learn new things. I love my job.

I have especially enjoyed working at Canyon Prep Academy these past 8 years with my co-teacher Amy. The children are wonderful, the parents are supportive and the classroom is full of exciting things. We have a fabulous dramatic play area, a water table and library bookshelf full of books, a rug for gathering and a sand table for playing in. I love that we have our own outside entrance into the room and our own bathroom. Our parent volunteers have been enthusiastic about our program and enjoy coming to participate. For 2019-20 we are requesting that each family volunteer 7-8 times during the year (and even more if they would like to). Parent volunteers make a big difference in our classroom and to their children's education.

Canyon Prep Academy is an incredible place to start your child's school experience. I would love to have your child in my class.

A few parent comments:

*We absolutely love Canyon Prep Academy Preschool. Miss Alyson and Miss Amy are some of the greatest preschool teachers and I am sad we found them after my older children were grown! They have made a positive impact on my youngest daughter's preschool experience. She feels loved, is excited to go to school and is always telling our family about the fun things she gets to learn and do. Our favorite part of school are the daily activities and constant efforts Miss Alyson and Miss Amy make to create new experiences for the class. Through monthly and daily themes and new playtime ideas, there are always new ways for our daughter to grow. Being 4 is such precious moment in time and Miss Alyson and Miss Amy help make it so wonderful. -Starr

*"It has been wonderful watching our daughter grow throughout the year in Miss Alyson and Miss Amy's preschool class. They foster an educational environment that manages to create a sense of shared community while simultaneously allowing the individual children to develop in their own way. Be sure to sign up for the volunteering opportunities, so that you can watch how they do what they do in person!" - Jim

*Our son has really flourished this year with the help and guidance of Alyson and Amy. They are both such caring, compassionate teachers and that has created a place where our son feels safe, confident and excited about learning. We really appreciate the CRA approach to pre-school and are especially impressed with the amount of knowledge our son seems to absorb, with the philosophy of preschool education that Alyson and Amy hold and practice. We feel like he is getting a great foundation introduction to the world of education and that this is a perfect and balanced approach to preparing him for the coming challenges so that he will not only be developmentally prepared for the learning process, but will also be excited, passionate and enthusiastic about it. - Vanessa
