

August 5, 2021

Greetings Falcons!

I would like to take this opportunity to welcome you to the 2021-2022 school year. I look forward to serving our CRA community as your new principal and welcoming students back on Aug. 24!

As you may be aware, the situation surrounding COVID-19 and the Delta variant continues to change and evolve, however I wanted to get you some updates at this time as to what our plans are for reopening our school. First and foremost our primary purpose is honoring CRA's mission to *Maximize the academic, social, and emotional potential of each individual* through our values of *Peace, Love, Joy, Respect, Safety, & Learning*. With respect to opening our school this fall, our main goals remain to keep kids in school, and keep all individuals safe.

I am participating in regular meetings with Dr. Dunn of the SLCoHD for ongoing updates and the Utah Department of Health recently released their recommendations for K-12 schools. For more information, visit <https://coronavirus.utah.gov/education>. At our Aug. 5th board meeting we will be reviewing the recommendations and finalizing our reopening plans at which time I will send a more comprehensive update. While we cannot mandate masks in schools, we will work to put other mitigating measures in place that help reduce the spread of the Coronavirus.

It will be a great school year and we are eager to get started.

Go Falcons!!!!

With gratitude,

Scott Mastroianni
Principal, CRA
