Canyon Prep Academy is an independent preschool located at the Canyon Rim Academy Charter School. The preschool room, room 3, is near the southeast entrance.
Enrollment in the Preschool program does not ensure future enrollment in Canyon Rim Academy Charter School.

A note from one of our teachers: Alyson Bowthorpe

I have spent each morning for the last nineteen years with 4 year olds. I love their openness and curiosity. I love the funny things they say. I enjoy teaching them new ideas, reading great books to them, working with them on writing strokes, paper cutting skills and finger painting. I enjoy thinking of creative ways to help them learn new things. I love my job.

I have especially enjoyed working at Canyon Prep Academy these past 11 years. The children are wonderful, the parents are supportive and the classroom is full of exciting things. We have a fabulous dramatic play area, a water table and library bookshelf full of books, a rug for gathering and a sand table for playing in. I love that we have our own outside entrance into the room and our own bathroom. Our parent volunteers have been enthusiastic about our program and enjoy coming to participate. For 2021-22 we are requesting that each family volunteer 7-8 times during the year (and even more if they would like to). Parent volunteers make a big difference in our classroom and to their children's education.

Canyon Prep Academy is an incredible place to start your child's school experience. I would love to have your child in my class.

A few parent comments:

*My husband and I were a little apprehensive about starting our son in preschool during a pandemic. We wanted to give him the opportunity interact and learn with other children as long as precautions had been put in place to keep everyone as healthy as possible. Any concerns we had were eased upon meeting Miss Alyson and Miss Emily. It was obvious from the moment I meet them that their love of children is what is at the heart of this preschool. Even with all of the added safety precautions their grace under pressure and attention to detail and care has always made our son feel welcome and loved to the point that he asks if he can go to preschool every day. The adorable projects he brings home are such a treat for me to see, and the purpose of skill building and learning behind each project is so thoughtfully planned out. Watching Miss Alyson and Miss Emily open our son's eyes to the wonders of the world around him as they teach has been especially magical during this challenging year. -Julie

*This is the BEST preschool! My son not only comes home excited and begging to go back but the things he remembers and retains is astounding! So grateful for Miss Alyson and Miss Emily and their enthusiastic, creative approach to teaching these children. Thank you! -Abbi

*...The teachers are fun, loving, and creative. I love that Miss Alyson is a librarian so there are lots of fun kid books involved. My child loves the rotating section of the classroom that is sometimes a pet shop, a kitchen, a grocery store, a costume shop, etc. I have been happy with the crafts and activities that my child is bringing home - they are both fun and educational. I feel like my child will be ready for kindergarten while having enjoyed a fantastic, happy preschool experience. -Laney

*I am so glad we get the chance to tell you how amazing your program is. We spent a ridiculous amount of time trying to decide the best place to put our son this year and we found it! Your program goes so far above and beyond our expectations. We LOVE sending him to you and he LOVES attending. You guys have done an excellent job keeping the kids safe and healthy. Here is a list a few things we love the most:

1) Talking about different foods/cooking 2) We love the volunteer/homework for parents. My husband and I really enjoy doing it together. 3) All the projects! Seriously, how do you get it all done? 4) Zipper club and address club are amazing. He is so proud to be part of them and we love that he is learning the practical things we have not thought about. 5) Mystery bucket!!!!!! We love the program! -Marci
